Relax on the Sky Deck

The Red Sea & Middle East

The Red Sea is an inlet of the Indian Ocean, located between Africa and Asia. Its coastline is now a popular tourist attraction, as are its neighbours the UAE, Qatar and Oman, where rich cultural influences and archaeological monuments coexist with some of the most contemporary features of the modern world, as the countries of the Arabian Peninsula commit to preserving their heritage while evolving into world-class destinations.

World-class diving, Red Sea.

Aqaba, Jordan

Dubai, United Arab Emirates

Highlights:

Each cruise has been carefully designed to give you the freedom to explore at your own pace.

- **Hurghada:** Stretching almost 25 miles along the Red Sea coast, Hurghada is a wonderful mix of old and new. Its stunning coral reefs have earned it the recognition as one of the best scuba diving spots in the world. Visit Hurghada's Old Town of El Dahar for its winding narrow streets and traditional bazaars, and Sakalla, for its more modern, bustling town centre.
- **Aqaba:** Jordan's only coastal city is the gateway to the Wadi Rum desert. Gaze in awe as the sun sets over the red sand dunes for an ethereal experience and taste tea amongst friendly locals at Palm Beach. Visit Mamluk Castle, the site of one of the First World War's most famous battles, and explore the Sherif al-Hussein bin Ali Mosque, an architectural vision and place of worship.
- **Doha:** On the east coast of the Persian Gulf, Doha is an ever-changing modern metropolis. A glistening skyline of contemporary high-rises adorn the picturesque corniche, frequented by walkers enjoying the lovely waterfront promenade, while world-class galleries exhibit an eclectic mix of art. Traditional souks buzz with life and restaurants serve a delightful fusion of cuisines, as this confident, forward-thinking city seeks to rival the dynamism of Dubai.
- **Dubai:** This once humble fishing village is now a thriving metropolis, home to over 200 nationalities and some of the most spectacular modern architecture in the world. Old and new collide, offering something for everyone. From sprawling spice markets, historic neighbourhoods and abra rides across the creek, to theme parks, zip lining, art galleries and shopping malls, there's nothing you can't do here.

Ebru Painting Workshop

Ebru painting workshop enables you to discover this incredible and traditional Turkish art up close and personal. To create these wonderful, colourful patterns natural dyes are mixed with ox gall, then using a traditional brush they are splashed onto a deep tray of water. These oily dyes make their design on the surface of the water, then once the design is ready, the finished pattern is transferred to paper. Historically this art of marbling was only transferred to paper but now these glorious patterns can be transferred to many kinds of surfaces such as leather, glass, furniture and book covers.

Life on the ocean

A luxury yacht cruise across the oceans of the world is like nothing else. As you sail along the iconic coastlines our yachts visit, our guide to life on the ocean is here to help you make the most of all that Mother Nature has to offer during your voyage.

Emerald Azzurra

Stabilisation

While sea conditions are generally good in some of the regions our yachts visit, nature tends to have a mind of its own, and sometimes we might face rough seas. Emerald Cruises luxury yachts are each equipped with a pair of retractable fin stabilisers, meaning our yachts pitch and roll as little as possible. This ensures maximum relaxation for our guests whilst on board, no matter the weather!

Aqua Pool & Marina Platform

Our luxury yachts each feature an infinity-style pool on the Aqua Deck, offering you great alfresco views as you swim under the sun. Each yacht also features a Marina Platform equipped with various water sports toys for our guests to enjoy. While we aim to offer these areas to our guests as often as possible, sometimes the local regulations, yacht traffic in the bay or weather conditions may restrict their use. During rough seas, the Aqua Pool will be drained to ensure the safety of our guests and crew, and our Marina Platforms will only be made available when our yachts are at anchor in calm waters.

Tender boats

To make the most of each of the countries our yachts travel to, sometimes our cruises will visit towns and cities where there is no docking facility for yachts of our size, and our yachts will anchor at sea nearby. In this case, our guests will be transported ashore on one of the three tender boats each of our yachts are equipped with. This is usually a short trip to the shore and enables us to take you right into the heart of the locations we visit.

Itinerary alterations

At Emerald Cruises, our destinations are meticulously chosen, and our itineraries planned with great detail to ensure all the ports we visit are accessible. However, in some rare cases, our yachts may not be able to visit a port as planned due to unforeseen factors such as bad weather. In these cases, our guests will be informed of any port diversions or alterations to our itineraries as soon as possible, and we will do our utmost to make sure your cruise is impacted as little as possible.

Book online at **emeraldcruises.com.au**, call **1300 286 110** or contact your travel agent

Keep in touch with family and friends whilst at sea

Staying connected at sea

Whilst on board one of our luxury yachts, our guests have access to our complimentary standard Wi-Fi service, meaning you can stay in touch with friends and family back home and share all of the wonderful photos you take during your cruise. We also offer a Platinum Wi-Fi package for all of our guests' streaming needs. While we offer internet services 24/7, our satellite connection can be impacted by a number of factors, such as bad weather, so signal may become weak at some points during your voyage.

Ocean terminology

We understand that sometimes it might seem as if seafarers are speaking their own language. We've made a guide so you're familiar with all of the important lingo whilst on board one of our luxury yachts.

Anchoring	Mooring a ship to the sea floor with an anchor
Stabiliser	A fin mounted to the yacht beneath the waterline to reduce vessel's movement when facing rough sea conditions
Bow/Forward	Towards the front of the yacht
Stern/Aft	Towards the back of the yacht
Port/ Starboard	The left or right side of a yacht respectively when facing forward
Nautical mile	A maritime measurement of distance equivalent to 1.15 miles on land
Knot	A maritime measurement of speed equalling one nautical mile per hour

Our commitment to your health & safety

The Emerald Cruises team are working closely with Cruise Lines International Association (CLIA) and government health agencies to implement a full range of measures for the health and safety of our valued guests and crew. We ensure compliance with the strict industry protocols.

Cherish the Planet

At Emerald Cruises, our Cherish the Planet ethos is about more than just environmental sustainability – we are committed to creating positive change in all areas of our business and to fostering sustainable practices and rich community partnerships. Our desire is to protect the Earth by leaving as small a footprint as possible.

Our commitment to the planet is to deliver environmentally responsible tourism to protect each of the destinations we visit. Cherish the Planet was launched in accordance with the United Nations Sustainable Development Goals, and we have gone on to create exceptional carbon-conscious and community-focused experiences in incredible destinations. At Emerald Cruises, we are proud of the positive relationships we have formed within the communities we visit.

Our Cherish the Planet commitment has ensured: the provision of clean running water to the Chiro village in Kampong Cham Province, Cambodia; the construction of sanitation blocks in Yandabo village along the Irrawaddy River; and the continued support of the Bread of Life Project aimed at reducing prejudice against Roma communities in Belgrade.

Our pillars of sustainability

Cherish the Planet has six key focus areas.

1. Leave no waste

We've eliminated all single-use plastic on board and work closely with, and fund, local projects that collect and recycle plastic waste, helping to maintain the world's natural beauty and improve living conditions. We provide our guests with complimentary refillable Emerald Cruises bottles and filtered water stations across our yachts, as well as refillable toiletries in our suites – and no plastic straws are used on board.

2. Rebalancing of CO_2 emissions

We have concentrated our efforts on minimising our environmental impact, and support causes aligned with rebalancing our CO_2 emissions, including exceptional carbon-conscious experiences, with hiking and e-biking now available on many of our itineraries. We are also working to calculate the CO_2 emissions of each our sailings so we can continue in the future to implement new technologies and initiatives which ensure our carbon footprint is reduced.

3. Sourcing sustainably

As we sail the world, many of our exquisite dishes on board feature local produce. Wine is sourced from small vineyards along the Moselle, Rhine, and Douro rivers, and on the Mekong, we source fresh local produce to create our Asian-inspired menus. Our goal is to source sustainably every step of the way, from produce to packaging, recycling, and our choice of suppliers.

4. Growing with communities

We are committed to meaningful and respectful cultural interactions between local inhabitants and our guests, and many of our itineraries include certified Cherish the Planet experiences that ensure local businesses benefit from our journeys. We're also working with leaders and third parties within the communities we visit to ensure sustainability for the future.

5. Grow from within, value diversity

At Emerald Cruises, we truly value diversity – it is a strength to have different perspectives within our business and we believe it helps us find the best solutions and services for our guests. We treat all crew and all employees equally, independent of gender, sexual orientation, age, race or religion and we currently employ over 50 nationalities from across the globe throughout our vessels.

6. Advocate health, safety & security

We have created an engaging workplace at Emerald Cruises that supports the wellbeing of our staff, prioritising health, and safety. We also want every member of staff to be fully immersed in the ethos at the heart of Cherish the Planet. To ensure this, Emerald Cruises staff will complete extensive training that supports their wellbeing and will ensure health and safety is prioritised.
