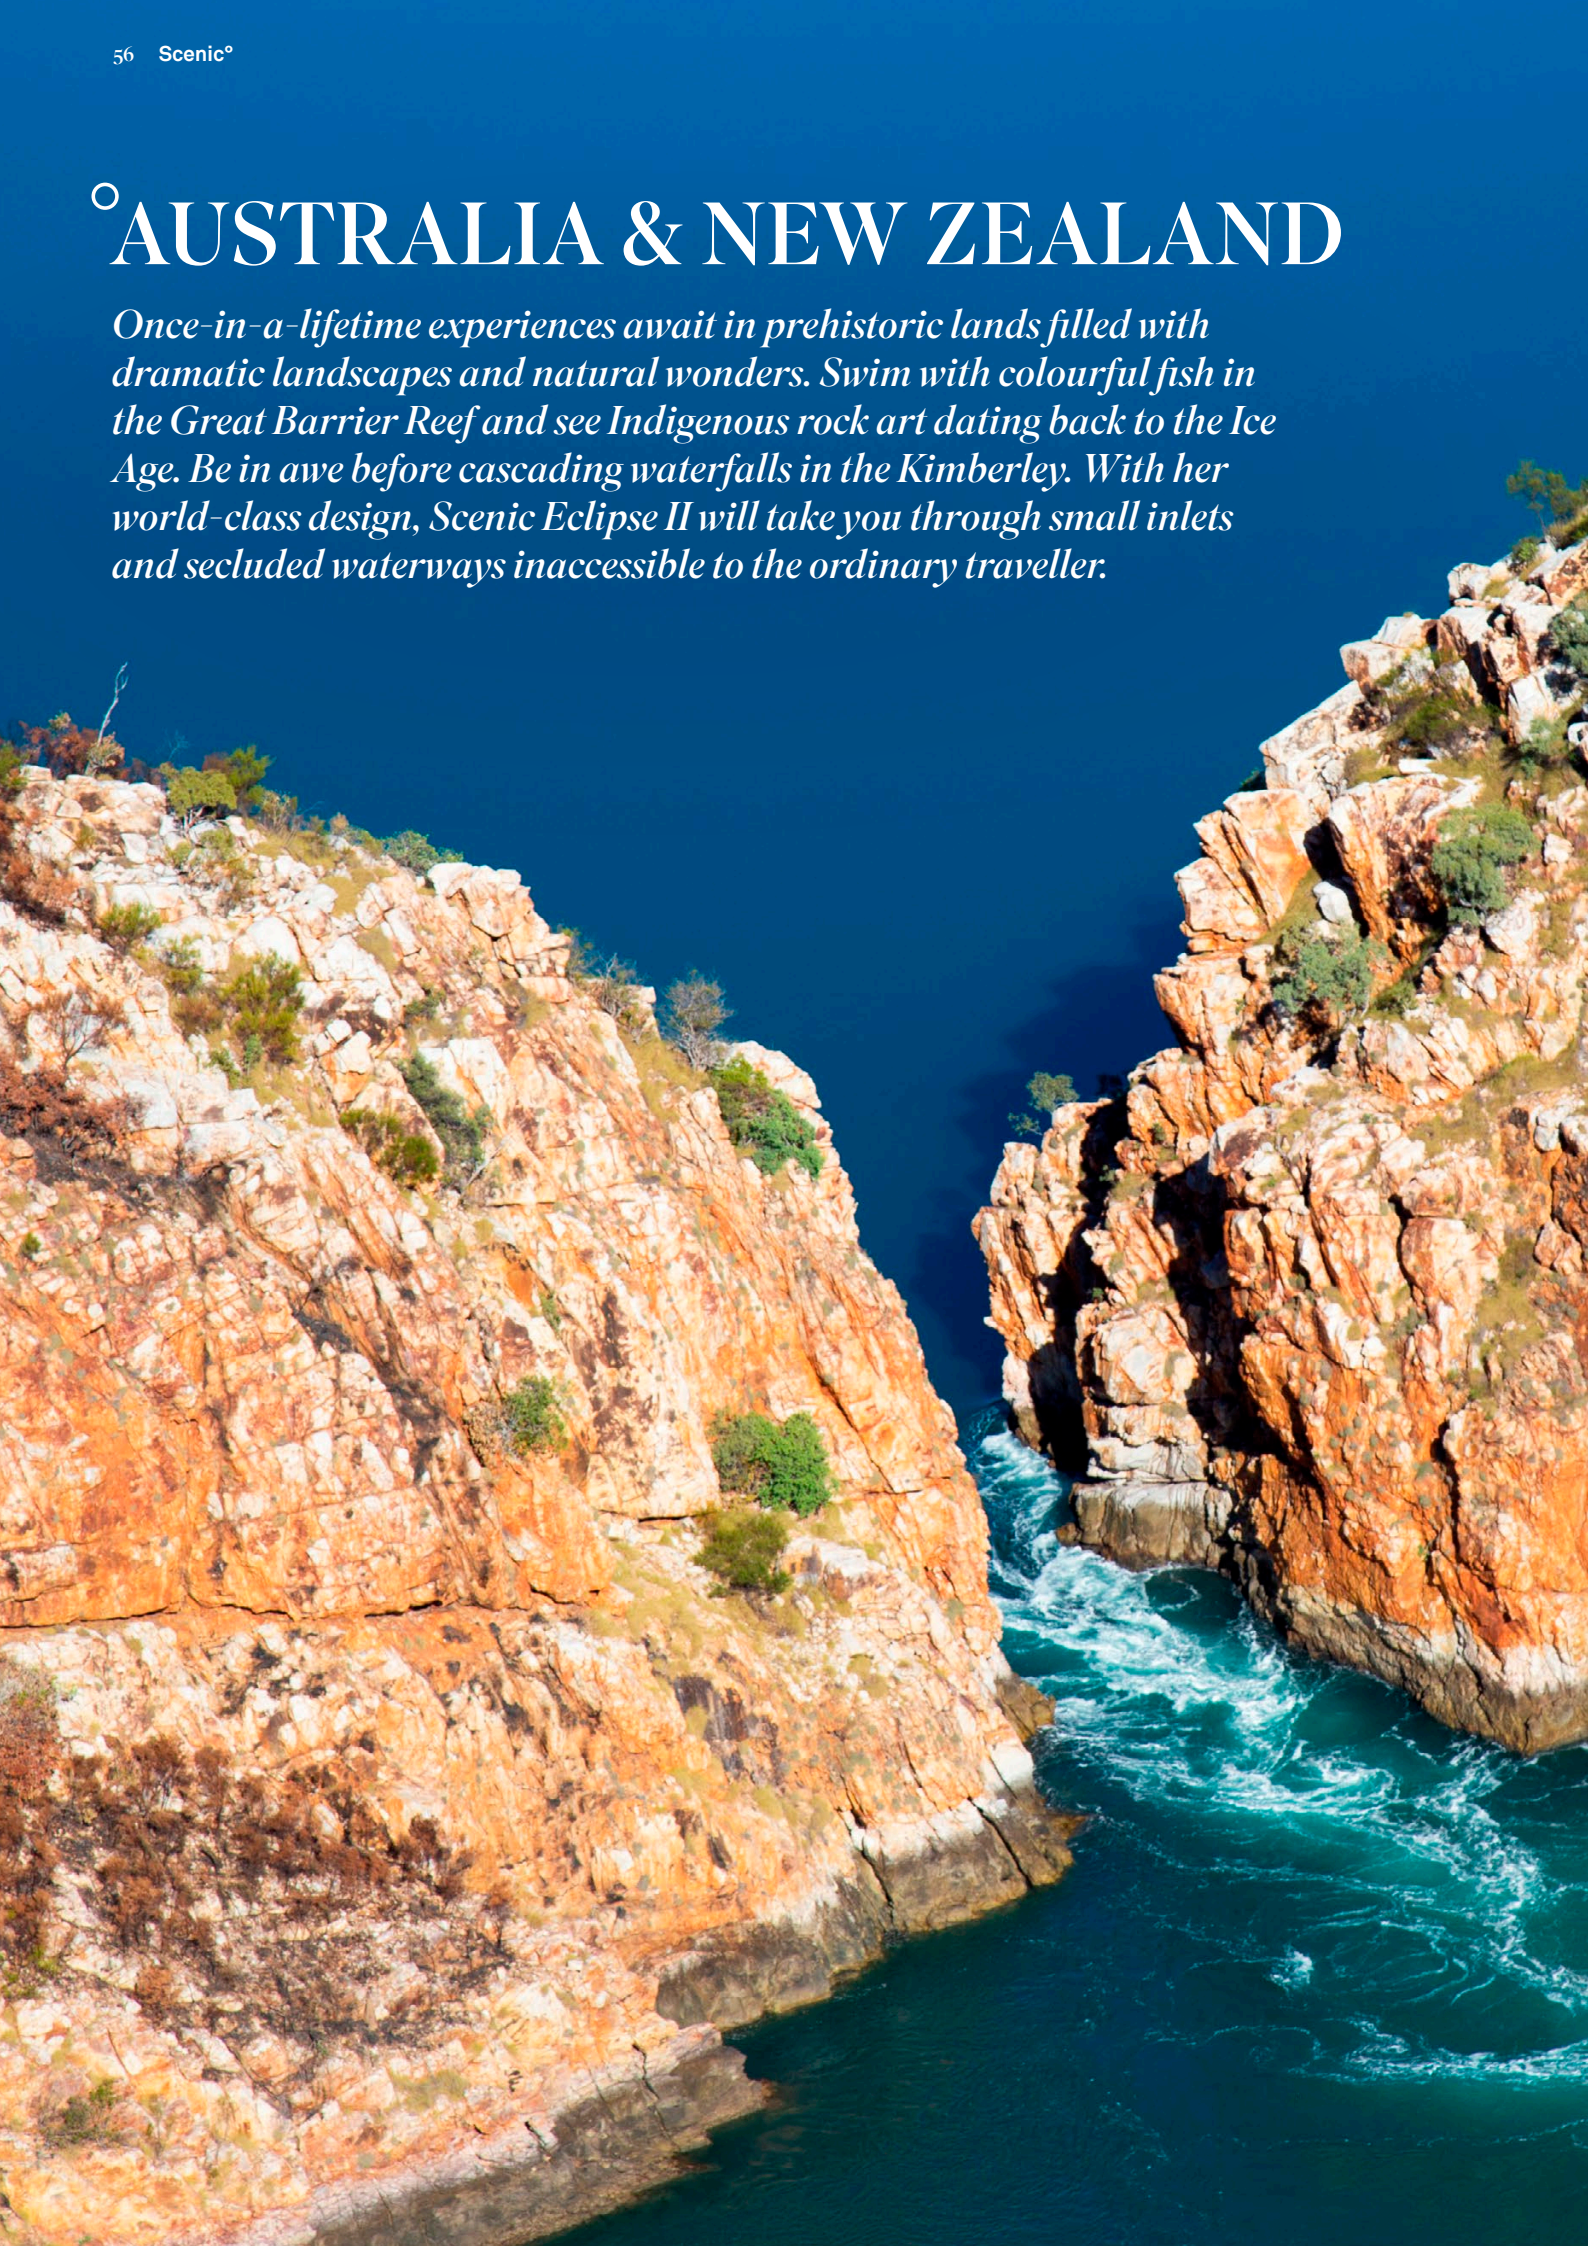
°AUSTRALIA & NEW ZEALAND

Once-in-a-lifetime experiences await in prehistoric lands filled with dramatic landscapes and natural wonders. Swim with colourful fish in the Great Barrier Reef and see Indigenous rock art dating back to the Ice Age. Be in awe before cascading waterfalls in the Kimberley. With her world-class design, Scenic Eclipse II will take you through small inlets and secluded waterways inaccessible to the ordinary traveller.



The Kimberley

Verdant oases, thundering waterfalls, sky-high gorges, and ancient Indigenous rock art. Where the desert meets the sea, enjoy the captivating coastal scenery from rugged cliffs to serene bays. Paprika-coloured cliffs seem surreal against the iridescent azure sea.

Western Australia

Watch as the landscape evolves from the turquoise waters and red rust dirt in the north to expansive stretches of snow-white sand and some of the tallest forests in the world in the south.

North Island

At the northernmost tip of New Zealand, see where the Pacific Ocean meets the Tasman Sea. Sail through the beautiful Bay of Islands, the cosmopolitan port town of Tauranga in the Bay of Plenty region, and experience the captivating charm of Napier.

South Island

The South Island's long coastline offers an extraordinary variety of sheltered bays, pristine lakes, and turquoise glacial rivers. Fiordland National Park's landscape is lined with waterfalls cascading hundreds of metres and rainforests that cling to mountains.

Enjoy active exploration

Soar above the changing landscape to remote waterfalls with a scenic flight in one of the two on board helicopters^. Dive below the surface with Scenic Neptune II^. Swim and snorkel in tranquil reefs above colourful coral and schools of tropical fish.

Experience an exhilarating Zodiac cruise down hard-to-reach waterways. With kayaks provided, serenely glide along a fjord or in a bay. Join the expert Discovery Team on an amble along bush tracks spotting wildflowers and native birds or a rocky hike to discover ancient finds in a cave. The level of exertion is always your choice, as the Discovery Team will tailor unforgettable experiences to suit your interests and pace.

Bungle Bungles, Australia

Unique wildlife

Endemic to Australia and New Zealand is an animal kingdom unlike anywhere else. The flightless kiwi, alpine parrots, penguins, and fur seals can be found in the 'land of the long white cloud.' In Australia, spot rock wallabies, quolls, kangaroos, emus, and lizards on land and crocodiles on banks.

In the ocean, find sea turtles, dolphins, and hundreds of species of fish and in the sky, see soaring eagles, albatross, and many different bird species.

^Flights on board our two helicopters, helicopter experiences and submersible at additional cost, subject to regulatory approval, availability, weight restrictions, medical approval and weather and tidal conditions. Submersible unable to operate in the Kimberley region.

The Kimberley

Where the ocean meets the outback, the Kimberley is world-renowned for its rugged beauty, natural wonders and sacred rock art. Each journey offers an abundance of Scenic Discovery activities that will unlock the exceptional natural wonders of this unique region.

View the famous phenomenon of Horizontal Falls, catch a Barramundi with heli-fishing or land at remarkable locations to immerse yourself in local culture, all from Scenic Eclipse II's two helicopters^. Witness the marvel of Montgomery Reef, which appears to rise from the sea when the tide drops rapidly.

Australia's East Coast

Australia's East Coast is home to two World Heritage-listed sites: K'gari (Fraser Island), the largest sand island in the world, and the Great Barrier Reef, the most extensive living structure on Earth. The expert Discovery Team will reveal the iconic reef's complex ecosystem. Comprising of 3,000 coral reefs, 600 islands, 300 coral cays and 2,000 species of fish, whales and dolphins, it's an astonishing place that should be explored with the region's top specialists and marine biologists.

Discover the Whitsundays, a jaw-dropping archipelago of 74 islands. Spend a decadent afternoon on Whitehaven, which is sure to become your new favourite beach. Lounge around on Lizard Island's pure white sands, where giant clam gardens are within snorkelling distance of the shore.

Fiords of New Zealand

Scenic Eclipse II has been custom designed for unrivalled access to smaller waterways that larger cruise ships can't reach, including World Heritage-listed site Fiordland National Park. Including Dusky, Doubtful and Milford Sounds, experience the majestic scenery, seamlessly sailing past mountainous postcard views and waterfalls as high as 1,000 metres that only multiply in their magnificence as it rains. The onboard Swarovski Telescopes in the Observation Lounge and binoculars in each suite are there to help you get a closer look at New Zealand's incredible flora and fauna.

Ancient cultures

Your Discovery voyage is also a journey through the region's authentic culture. In Australia, gain insights into traditional life from native food to rock art, storytelling, and bush remedies, along with sacred smoking ceremonies. Hear stories of how knowledge is passed onto each generation of the world's oldest living culture. In New Zealand, experience the power and hospitality of the Māori culture which has become part of the country's allure.

THE PACIFIC ISLANDS

Spanning a quarter of the globe, the Pacific Islands are home to around 40,000 islands and some of the most isolated communities in the world. Discover this region's natural beauty and cultural diversity in 6-star ultra-luxury as the Discovery Team guides you through remarkable experiences. Kayak and stand-up paddleboard over crystal clear waters, get a bird's-eye view from our on board helicopter^ and see what lies below the surface on a snorkelling excursion or in our custom-built submersible^.

Isle of Pines, New Caledonia
S 22° 36' E 167° 28'

Indonesian Archipelago

Spanning across the equator, the Indonesian archipelago has around 17,000 islands in the Pacific and Indian Oceans, including the Spice Islands, Bali and Komodo Island, where your Discovery Team can introduce you to the world's largest lizard.

Raja Ampat

A pristine island paradise in the West Papua Province, Raja Ampat is where some of the world's most diverse coral reef and fish life, including around 75% of the world's species, can be found between stunning rock islets and thick jungles.

New Caledonia

In the middle of the Pacific, this French territory is a memorable mix of French and Melanesian cultures. It is where you can swim, snorkel and possibly even dive below the horizon by submersible^ in World Heritage-listed lagoons and coral reefs.

Solomon Islands

They may have around 1,000 islands, but with most of the population living on just six of them, the Solomon Islands are one of the wildest destinations in the Pacific. Expect idyllic beaches, wild jungles and blue lagoons with significant pieces of World War II history.

^Flights on board our two helicopters, helicopter experiences and submersible at additional cost, subject to regulatory approval, availability, weight restrictions, medical approval and weather and tidal conditions. Helicopter unable to operate in Indonesia. Submersible unable to operate in the Kimberley region.

Pristine environments

The Pacific is home to atolls and rainforests that have remained mostly untouched by human life and include a number of World Heritage-listed sites and biosphere reserves. As you sail through fragile ecosystems rest assured that Scenic Eclipse's GPS Dynamic Positioning will enable her to maintain location without dropping anchors onto sensitive coral reefs and seabeds, while the Azipod propulsion systems deliver the lowest noise and vibration levels possible to ensure minimal disturbance to the marine and wildlife that you'll be seeing first hand.

Wildlife

The Pacific Islands archipelago is home to the largest and most diverse population of seabirds in the world, including the vulnerable fairy tern and masked, red-footed and brown boobies, while the abundance of marine life includes whales, dugongs, sharks and sea turtles.

Our expert Discovery Team will lead lectures and education programs about the wildlife you'll encounter on your journey, and the Swarovski telescopes in the Observation Lounge and on the Observation Deck allow for closer inspections when you spot something special.

Carved totem, New Caledonia

Historical significance

The history of the Pacific Islands dates back to before written records began with ancient carvings and rock paintings providing some clues. Everywhere we visit has a story, including the Spice Islands, which were once known as the world's largest source of nutmeg, cloves and pepper, and the Solomon Islands, where some submerged World War II ship and plane wrecks can be seen by snorkellers. Gain a deeper appreciation for the history of the islands during in-depth lectures in our state-of-the-art theatre.
