South Georgia

The perfect staging post for nature lovers and Antarctic explorers like Shackleton. Trigger point for the Falklands War, today a wildlife oasis like no other including albatross, penguins, fur and elephant seals, burrowing petrels, snipe and pipits.

Falkland Islands

More British than England, home to endemic geese and ducks, a host of penguin species, sea lions and elephant seals that battle for harems across white sand beaches, all prove the Falklands were worth fighting for.

Chilean Fjords

An enchanted world carved by the Patagonian Ice Cap and home to descendants of seafaring Yaghan people, bohemian street artists, winemakers, fishermen and gauchos. Playful dolphins share waterways with whales, fur and elephant seals along its pristine coastline.

“Antarctica is completely different from anywhere else on Earth. The shapes and colours and landscapes that you see are completely out of this world.”

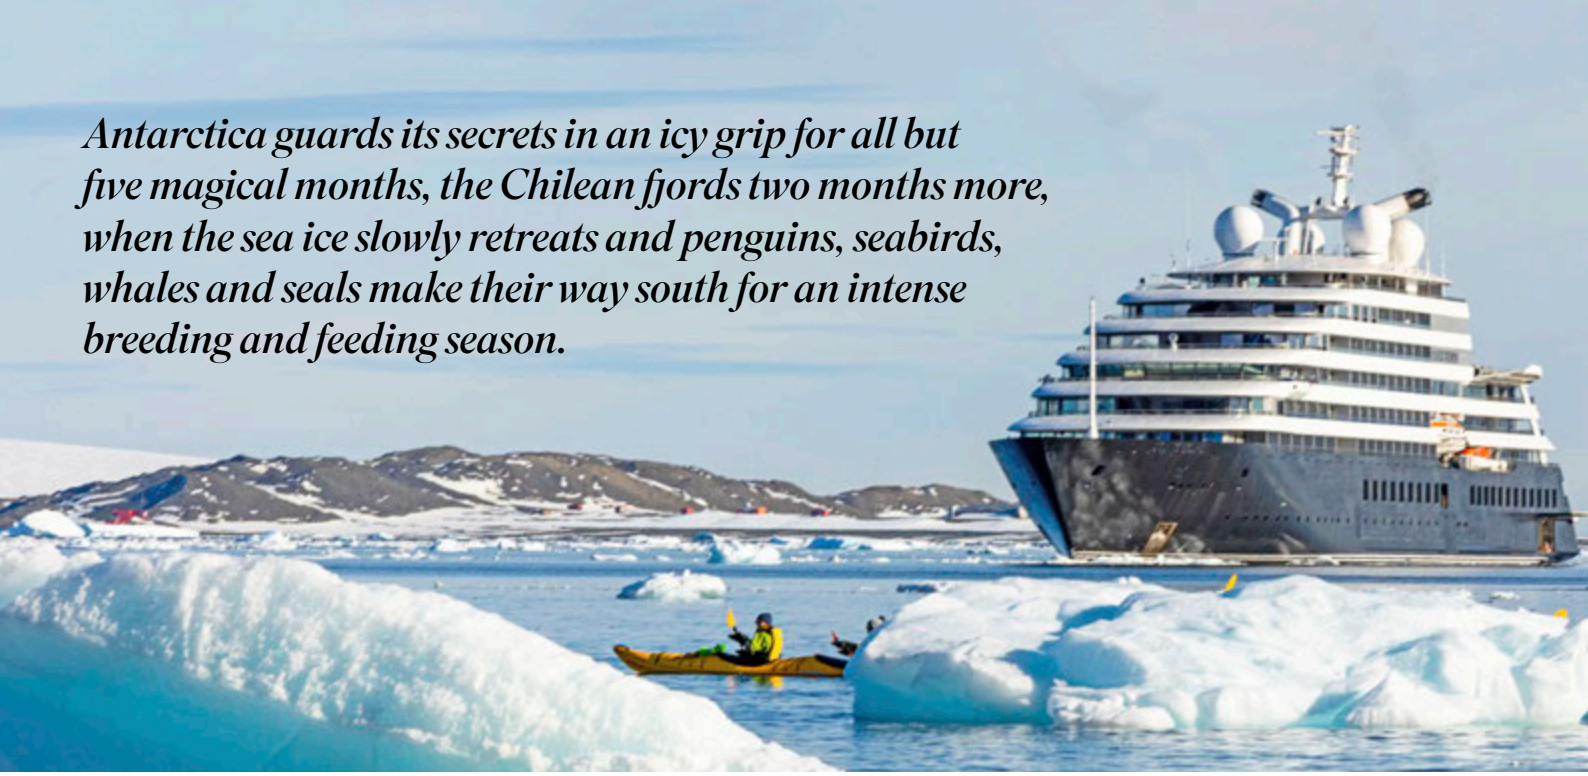
Weddell Sea



Antarctica guards its secrets in an icy grip for all but five magical months, the Chilean fjords two months more, when the sea ice slowly retreats and penguins, seabirds, whales and seals make their way south for an intense breeding and feeding season.

Purpose built for Polar regions, Scenic Eclipse features a strengthened hull and Polar Class 6 rating which enables safe access to places others can't, from the first month to the last. Walk straight on to sea ice from the ship, watch penguin chicks hatch, herald the arrival of seal pups on the beaches and humpbacks offshore – every Expedition Voyage offers unique experiences. You can add the wonders of Chile, South Georgia and the Falkland Islands to your itinerary and combine these, with the 6-star ultra-luxury of Scenic Eclipse, for your ideal voyage. Here are some seasonal highlights to help you plan which voyage to choose:

SPRING/EARLY SUMMER

October – December

On the Antarctic Peninsula, Spring is a favourite time for many, especially photographers, who delight in pristine snowscapes. Fast ice clings to bays along the west coast, and one ship's barrier is another's gateway to wonder. On board Scenic Eclipse, The World's First Discovery Yachts™ your dreams become reality. Flightsee^ above magnificent Lemaire Channel, heliski^* hidden powder stashes, and explore the ice edge and the rarely seen sea floor in our custom-built submarine^.

By October in the Chilean fjords, whales migrate south and Magellanic, Humbolt and gentoo penguins begin nesting, with parents sharing incubation duties. By November in Antarctica, watch penguins begin courting, nest-building thievery and egg incubation. Mid-to-late December in Chile, South Georgia, the Falklands and Antarctica, chicks hatch to be fed by parents sharing fishing and feeding duties. In Antarctica, minkes, humpbacks and Southern Right whales arrive to feed beneath near 24-hours of daylight. The Into the Weddell Sea voyage visits the famous Snow Hill Island, where thousands of Emperor penguins nurture their young, before returning to the Antarctic Peninsula's west side.

On South Georgia, male fur and elephant seals battle to create and protect their harems. King penguins balance eggs on their feet and albatross reveal their gawky, gorgeous chicks.

SUMMER

January – Early February

Peak season on the Antarctic Peninsula see rookeries full of chicks and sunlight is at its peak. Parents dodge leopard seals and skuas scan for the unattended. Crabeater and Weddell seals lounge on ice floes, females often nursing newborn pups. Ice retreats to allow easier access to the Antarctic Circle and the Weddell Sea and opens up new vistas to enjoy from our two custom built helicopters^. As summer winds down, adolescent chicks fledge and are curious, often approaching visitors before running the leopard seal gauntlet on their first swims.

The Beyond the Antarctic Circle voyage will navigate south, further than most expedition ships go, to discover exquisite waterways like Lemaire Channel, the Gullet and Crystal Sound to celebrate crossing the Antarctic Circle (66°33'S).

On South Georgia, penguin chicks almost as big as their parents need constant feeding and are old enough to play with juvenile seals. Long days continue and temperatures rise above 5°C, the warmest of the year. On Scenic's submarine^, explore waters never dived before and be a part of the exploration under the surface. In the Falkland Islands, Magellanic penguin chicks emerge from burrows, and King penguin chicks hatch.

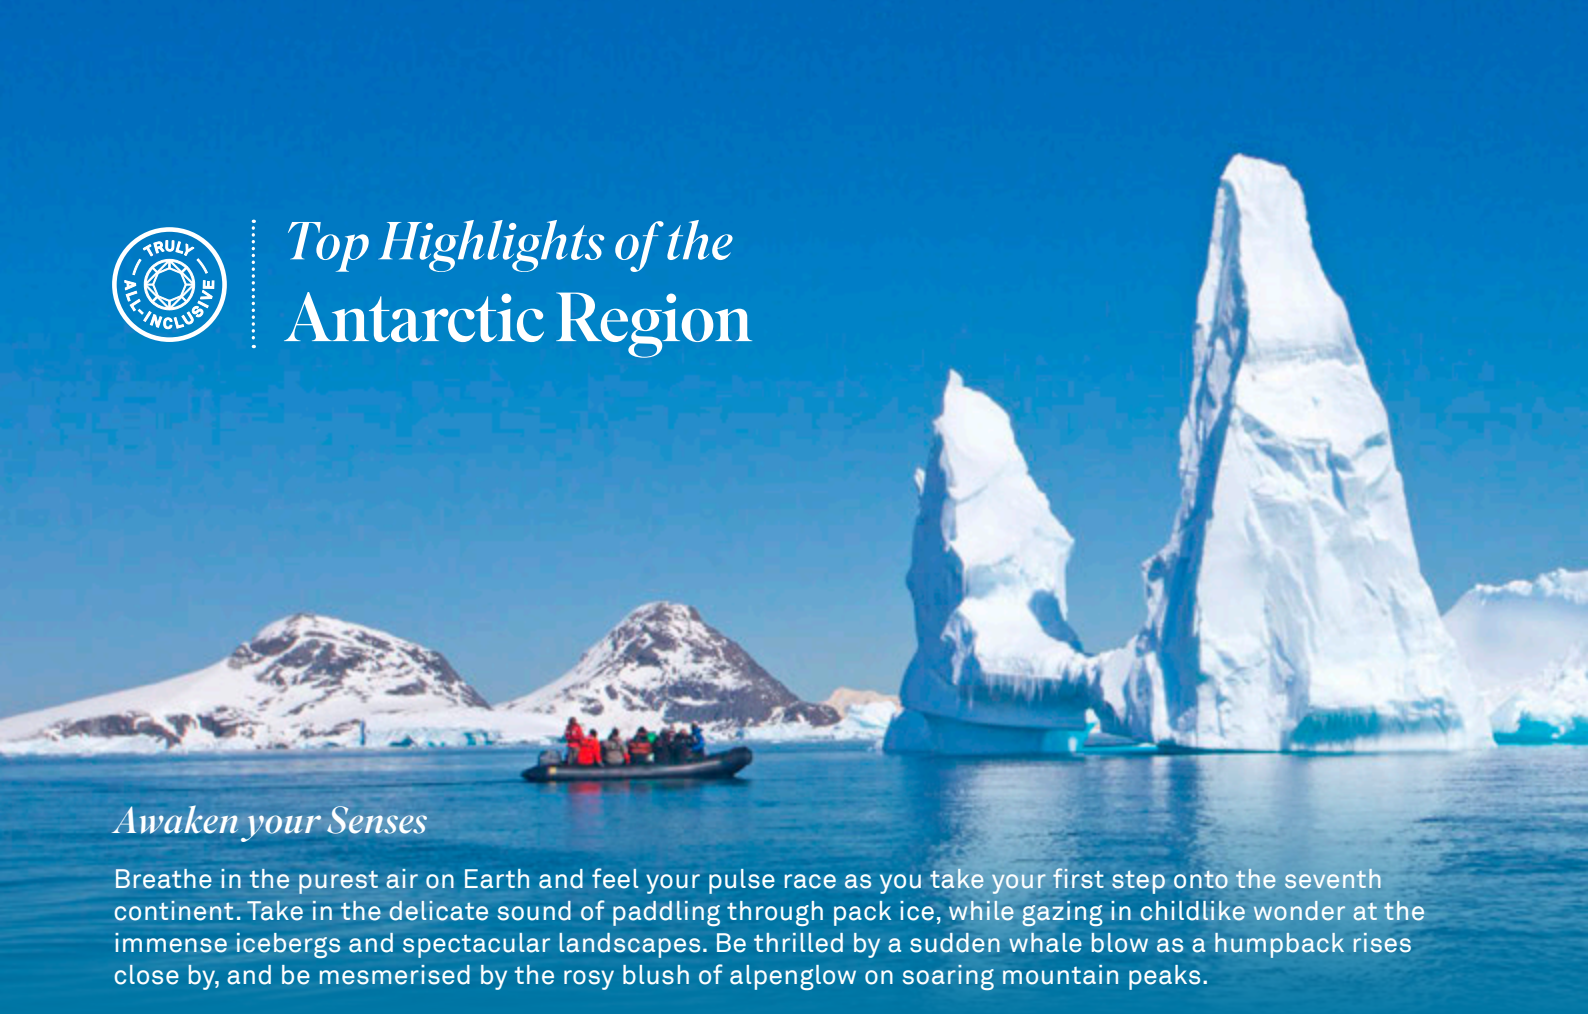
AUTUMN

Late February – Early March

In the Chilean fjords, penguin chicks reach peak 'cuteness'. As autumn reaches Antarctica, cormorant chicks bravely begin to fly and whales group up for their migration north to breeding grounds. Brilliant sunsets herald nightfall, patches of sea freeze, courting leopard seals captivate with eerie songs and the last gentoo penguins are chased into the Southern Ocean by winter's ever-increasing ice barrier. South Georgia is alive with millions of fur seal pups cavorting in swim schools, king penguins pack beaches while newly discovered Type D orcas and elusive sperm whales pass nearby.

^Helicopter, helicopter experiences and submarines at additional cost, subject to regulatory approval, availability, weight restrictions, medical approval and weather and ice conditions. Helicopter is unable to operate in South Georgia. *Guests will need to have advanced skills to participate.

Top Highlights of the Antarctic Region



Awaken your Senses

Breathe in the purest air on Earth and feel your pulse race as you take your first step onto the seventh continent. Take in the delicate sound of paddling through pack ice, while gazing in childlike wonder at the immense icebergs and spectacular landscapes. Be thrilled by a sudden whale blow as a humpback rises close by, and be mesmerised by the rosy blush of alpenglow on soaring mountain peaks.

Garden of Eden

Watch penguin parents swapping egg-minding duties and feeding chicks, the ominous hunt of leopard seals patrolling the shore, the courtship flight of light mantled albatross, king penguin colonies a quarter-million strong and blue whales outpacing the ship. Every chance to observe Antarctic's wildlife unafraid of humans forges a lifetime of memories.

Fire and Ice

Circumpolar currents isolate Antarctica from temperate climes above, results in the world's largest icecap feeding the biggest ice-shelves that generate the greatest icebergs. Yet volcanic activity has sculpted much of Antarctica and sub-Antarctic islands, creating mysterious coastlines, active calderas and unique landscape – from the South Shetlands to Weddell Sea and south below the Antarctic Circle.

Hidden Gems

Built to Polar Class 6 ice rating, Scenic Eclipse safely navigates waters beyond the capabilities of most ships, to reach Antarctica's unique destinations: like Snow Hill emperor penguin colony or Vega Island fossil fields in the Weddell Sea; pushing into frozen embayments for a stroll across fast ice, or extending your range with two on-board helicopters^ and a custom-built submarine^.

Step Back in Time

Join enthusiastic Discovery historians on memorable excursions, from the first sealer's camps in the South Shetland Islands to abandoned whaling stations on South Georgia; Nordenskjold's Hut on Snow Hill Island to Shackleton's grave at Grytviken. Be amazed by epic tales of fortitude and passion, from the Heroic Age of Antarctic exploration to World War II and beyond.

Beyond the Antarctic Peninsula

Venture east beyond the Antarctic Peninsula into the Weddell Sea, a wonderland of fossil fields on ice-free islands, in comprehensively vast tabular icebergs. Search for enormous colonies of Adélie penguins, delight in curious fur seals and be mesmerised by your Discovery Guide's tales of survival by Heroic Age explorers Shackleton and Nordenskjold.

On the Peninsula's west side, thread through pack ice and narrow channels where whales feed and penguins porpoise, to reach the Antarctic Circle at latitude 66° 33' South. Cross the Circle to enter Crystal Sound, a fairytale world of sculpted icebergs, snowclad mountains and the mysterious, ill-fated Base W on Detaille Island.

Exploring the Antarctic Peninsula's more remote regions relies on Scenic Eclipse's Polar Class 6 rating, and its design built to the latest uncompromising standards, to ensure the safest navigation through polar waters. For the ultimate Discovery Yacht experience, Scenic Eclipse features two on board helicopters^ and a custom-built submarine^, to forge memories above and below the shimmering seas.

South Georgia & Falkland Islands

The Falkland Islands are a naturalist's wonderland. Delight in penguins, from ground burrowing Magellanics to flamboyant macaroni and rockhoppers, and gentle gentoos to regal kings. Spy bull sea lions defending their harems, fur and elephant seals gambolling on beaches, dolphins and orcas patrolling offshore, magnificent black-browed albatross sitting on nests.

To the southeast, South Georgia's soaring ice-clad mountains protect the world's most important penguin and seabird breeding areas. Gaze in wonder at nesting wandering albatross, thrill to kayak and paddleboard excursions off king penguin rookeries more than a quarter-million strong, and deep-sea explorations in custom-built submarine^, the first permitted to operate in South Georgia.

Marvel at this once-centre of whaling, now transformed to a wildlife oasis. Raise a toast to Antarctic explorer Shackleton and his right-hand man, Frank Wild, in Grytviken cemetery, before touring the open-air whaling station and museum. Continue through waters holding great whale species, including blue, fin and sei.

Introducing the Chilean Fjords

Discover Chile's dramatic coast, from the bohemian seaport of Valparaiso, to Puerto Montt, a fishing port amidst stunning, snow-capped volcanos of the Lakes District. Castro, a village on remote Chiloé Isla, with its World Heritage-listed wooden churches and nearby colony of Magellanic and Humbolt penguins, the wilderness of Tierra del Fuego and the chance to round Cape Horn.

Join the Discovery Team and local guides on daily excursions deep in the Chilean fjords, from whale watching in the Gulf of Corcovado to walks amongst southern beech or magnificent native conifer forests of Chiloé National Park. Experience the cultural heart of Patagonia through traditional dance and song, or canoe paddling displays by descendants of the seafaring, hunter-gatherer Yaghan people.

Whether out on a Zodiac spying red-legged cormorants, kelp geese, Fuegian steamer ducks and impossibly cute marine otters and their pups; or feeling the rush as Patagonia's most dynamic glaciers calve, memories of Chile's fjordland will remain forever.

Scenic Eclipse Seasonal Guide Arctic Region

Feel anticipation and excitement as you cruise through of one of the least explored regions of the world. Be amazed by the paramount beauty of the landscape and light in the Arctic region, with unique wildlife taking it to a new level of exploration.

Comprising of many regions across Europe, North America and Asia, the Arctic is the northernmost part of our planet.

The European continent enjoys wild Scottish isles, Norwegian fjords and photogenic fishing villages; Svalbard's colourful tundra, reindeer, polar bears and walrus; Greenland's spectacular icebergs and glacier-carved valleys, musk ox and paleo-Eskimo camps. Discover Iceland's awe-inspiring waterfalls, Viking heritage, evocative volcanic landscapes and rejuvenating thermal pools.

The North American continent includes the spectacular kilometres-high vertical walls along the Baffin Island coast that sits completely above the Arctic Circle.

Across the top of the Asian continent is the legendary Northeast Passage, until recently the domain of nuclear-powered icebreakers most of the year, but thanks to climate change, can be ice-free in summer. Discover Wrangel Island with the world's highest density of polar bear dens; traverse the Arctic Ocean, setting foot in places few have visited such as the Medvedie and Novosibirskie Islands, Severnaya and Novaya Zemlyas and the geologically mesmerising Franz Josef Land. These remote regions are inhabited by polar bears, walrus, seabirds including tufted puffins and rhinoceros auklets, and Russian scientists living in weather-worn stations left over from the Cold War.

The Arctic region is best know for polar bears. Polar bears are marine mammals that spend most of their lives on Arctic Ocean sea ice hunting seals, walrus, even whales in the frigid waters, but come ashore to give birth to their cubs.

As well as Arctic destinations, here are some seasonal highlights to help you decide which voyage to choose:

Early Summer

June – Early July

Humpback whales follow the Gulf Stream north from Scotland to Iceland and along the Norwegian coast, while fast ice breaks out of the deeper fjords. Snow free areas across the Arctic attract migratory birds, and polar bears and cubs emerge from dens. On seabird cliffs in Scotland, Iceland and Norway, guests can search for puffins, gannets and guillemots feed their chicks.

Midsummer

Mid July – Early August

Millions of migratory birds fill flyways in Europe and North America. Seabird cliffs are noisy with growing chicks attracting Arctic fox (Iceland's only native land animal). Osprey raise chicks and grey seals pup along the Scottish coast. Algal blooms attract ringed, bearded and harp seals in the high Arctic, and on Wrangel Island and across Canada, polar bears teach cubs to hunt. Spectacular Arctic wildflowers bloom and walrus crowd ice floes as polar bears stalk seals in pack ice around Svalbard.

Late Summer

Mid August – Early September

Open waters unlock the Northeast Passage, with access to polar bears hunting seals and walrus in pack ice. Humpback, bowhead, grey and beluga whales feed before migrating south. Grey seals give birth to pups in Scotland and across the high Arctic, shorebirds and seabirds complete their moult and prepare to head south. Arctic foxes scour the base of seabird cliffs in search for late-season chicks. Warm daytime temperatures encourage spectacular calving of glacier fronts, tundra walks turn up ripe berries and sunsets begin to light up the evening sky.

Top Highlights of
The Arctic Region

Wildlife Kingdom

Across the Arctic, be spellbound by polar bears, from the sheer numbers on Wrangel Island to frequent encounters on Franz Josef Land, Svalbard and the Canadian Arctic. Revel in steaming walrus haulouts, soaring sea cliffs raucous with charming puffins, guillemots, kittiwakes, little auks and more. Search for mystical narwhals and shy beluga whales, musk oxen, Arctic foxes and hares.

In the Footsteps

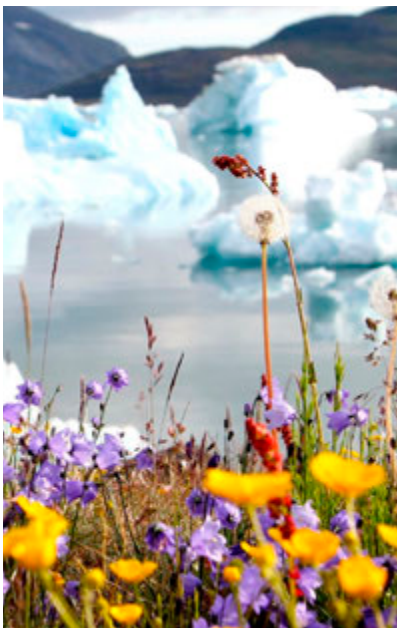
Be intrigued by Discovery historians as they reveal Greenland's ancient Inuit hunting camps, Canada's Hudson Bay Trading posts and hear epic tales of Arctic explorers striving for the North Pole by ship, dogsled and balloon. Follow the tribulations of Franklin's expedition, cheer Amundsen's successful Northwest Passage and be inspired by Nordenskjold's push across the Northeast Passage.

Spectacular Ice

Gaze from your private verandah as Scenic Eclipse enters pack ice to reveal a world alive with polar bears, seals, whales and more. Thrill to the gunshot retort of calving icebergs along Spitsbergen's vast ice-fronts, and the 'iceberg factory' of Disko Bay. Zodiacs move amidst stupendous, aquamarine towers and fantastic arches of Scoresbysund's sculpture garden of ice.

People of the North

Meet scientists and rangers working from remote polar stations. Be entertained by traditional song and dance in the Canadian Arctic Archipelago and be enthralled as your Discovery guides enlighten you on the skills necessary to live at the end of the Earth.



Hidden Gems

Be entranced by the beauty and incredible diversity of tundra wildflowers on Wrangel Island, home to the greatest density of polar bear dens on Earth. Be awestruck by walls of polished rock soaring kilometres above you in East Greenland fjords. Feed your inner explorer along the remote coastline of Baffin Island or amidst the seldom-visited Russian archipelagos of Franz Josef Land, Novaya and Severnaya Zemlya.

INDONESIAN ARCHIPELAGO, WEST PAPUA & THE SOLOMON ISLANDS

Laying between the Pacific and Indian oceans, Indonesia is the largest archipelago in the world comprising of more than 17,000 islands. With many of its people coming from Melanesian, Islam, Portuguese and Dutch descent, Indonesia is a melting pot of culture. Located in the 'Coral Triangle', the islands of Raja Ampat are extraordinary: mountainous atolls blanketed with rainforests and thick jungle, some with active volcanoes, fringed by beaches with crystal clear water and coral cays boasting dynamic ecosystems.

Raja Ampat, Indonesia

Raja Ampat

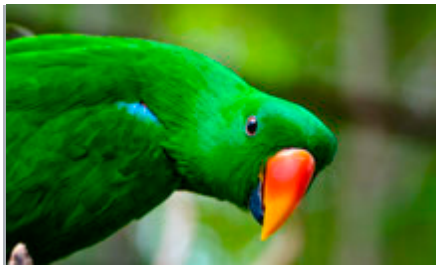
This postcard-perfect seascape comprises of more than 1,500 karst islands rising out of pristine emerald and cerulean water. Beneath the surface 75% of the world's coral species and more than 1,,300 fish species can be found, making Raja Ampat a diver's paradise.

West Papua

Crystal-clear water, lush tropical vegetation, volcanic activity and rural landscapes, West Papua is a fascinating region steeped in history and culture. Largely unexplored, many of its smaller and remote islands are occupied by tribes who follow a traditional way of life.

Maluka Islands (Spice Islands)

Surrounded by coral reefs, the Maluka Islands are excellent for diving and striking for their volcanic landscapes. Discovered in the 16th century, these islands are more famous for the nutmeg, mace, pepper and cloves that are abundantly found here – which is why they were formerly named the Spice Islands.



Solomon Islands & Vanuatu

The tropical paradises of Solomon Islands and Vanuatu – located within the South Pacific to the east of Papua New Guinea – are renowned for their unspoiled beauty and friendly locals. In fact, Vanuatu is often referred to as 'The Happiest Place on Earth'.

Due to its central location along ancient trading routes and with so many different islands, the cultural diversity of this archipelago is incredible. There are at least 300 Indonesian ethnic groups, each with their own customs, religion, language, cuisine and more.

See a Traditional Way of Life

Many of the remote islands in the Indonesian archipelago are largely untouched, not only in natural beauty but also their traditional way of life. There are still hundreds of tribes living in West Papua, the Solomon Islands and Vanuatu, while you may spot locals fishing in traditional boats or houses built over the cater on stilts throughout Indonesia.

Visit the Centre of an Ancient Spice Route

The Maluka Islands (formerly Spice Islands) were once home to the world's only source of nutmeg, as well as other coveted spices, and became an important centre for the spice trade in the 16th century drawing in traders from all over the globe.

If you were to imagine the most idyllic tropical paradise, you would picture the Indonesian archipelago. POLYNESIA & THE PACIFIC ISLANDS

Dubbed heaven on earth by many, Polynesia and the Pacific spans a quarter of the globe and encompassing around 40,000 islands. Home to some of the most isolated communities in the world, there is a distinct traditional way of life across the region. While a long history of voyaging and European colonisation has brought with it a mix of cultural influences: Melanesian, Polynesian, Micronesian Spanish, Indian and French. No two islands are alike culturally, with a diverse natural beauty. The volcanic terrain of Tonga's Hunga Island, the Isle of Pines' endemic pine trees that line the white beaches, and Fiji's crescent-shaped Fulanga Island that hides within it a crystalline lagoon are just some of the incredible landscapes you can witness onboard your luxury Scenic Eclipse cruise.

Remote Chilean Islands

The far reaches of the Pacific reveals the tiny island of Robinson Crusoe, a small volcanic isle boasting endemic flora and fauna akin to that of the Galapagos, as well as Easter Island, known for its mysterious moai statues made of volcanic stone.

French Polynesian Archipelago

The islands of French Polynesia offer a delightful blend of Polynesian and French culture. Here, expect strong cultural heritage, pink-sand beaches, crystal lagoons, spectacular moss-green peaks and two extinct volcanoes.

The Pacific Islands

Postcard-perfect in every way, the Pacific Islands are considered the jewel of the region for its pristine waters, white beaches, turquoise lagoons, pockets of rainforest and caves, and signature pine trees.

New Zealand

In contrast to the region's lush tropical idyll, Great Barrier Island is a rugged, isolated wilderness, where nature and stunning star-filled nights reign supreme. Whilst the Bay of Islands combines spectacular scenery with a rich Maori and European heritage.

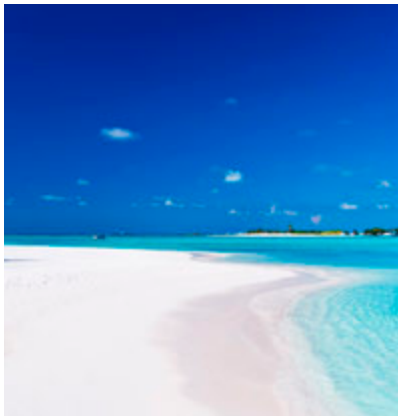
Top Highlights of Polynesia & the Pacific Islands

Discover Endemic Wildlife & Birdlife

The Pacific Islands archipelago is home to the largest and most diverse population of seabirds in the world, such as the vulnerable fairy tern; masked, red-footed and brown boobies and more. Whilst the islands of Robinson Crusoe and Alexander Selkirk lay in a biosphere reserve, classified for its biological richness and various endemic species. All across the vast Pacific, there is an abundance of marine life, including tropical fish, whales, dugong, sharks and sea turtles.

Robinson Crusoe Island



Experience Diverse Cultures

These regions are made up of thousands of islands, each with distinct cultural heritage, some influenced by colonisation, others whose traditional customs – rites, rituals, costumes, song and dance – remain resilient to this day. Tahitian culture is centred around legends of gods and warriors; New Caledonia is a land of mixed cultures; while in Vanuatu, there are many traditional customs still alive – from astonishing land diving to drinking kava and fire dancing.

Historical Significance

There are many intriguing historical sites across the Pacific Islands and Polynesia. Isolated Easter Island has examples of the ancient Rapa Nui culture, famous for the 900 giant stone carvings 'maois' that mysteriously scatter the island, as well as rock paintings, petroglyphs and stone Orongo houses. Tonga is home to megalithic stone structures and ancient tombs, while the Solomon Islands has a number of historical war sites including a number of shipwrecks and sunken aircraft.

Soak up the Sun & Sea

The Pacific Islands and Polynesia are blessed with copious pristine beaches, exotic lagoons and ample snorkelling opportunities. You won't be disappointed with incredible reefs home to hundreds of species of coral and abundant fish.

Pristine Environments

Beyond the beaches, Polynesia and the Pacific has an incredibly varied landscape. Tahiti is blessed with mountainous peaks, lush rainforests and rivers; the Solomon Islands with forests and vast plains; Vanuatu is a volcanic archipelago with a mix of rainforest and savannah; and Tonga has a coastline of limestone cliffs, with thick forests and an underwater volcano.
