## EXPLORE THE OCEANS WITH VIKING

At Viking, we pride ourselves on offering unique and immersive experiences that allow you to explore the world in comfort and style. We believe that travel should be about connecting you to your destination, not just taking you to places on a map. Our goal is to immerse you in the culture of your destination, to expand your mind and potentially even change the way you see the world.

Our Scandinavian-inspired small ships are designed to evoke a sense of comfort akin to a floating hotel. They boast a serene atmosphere with light-filled spaces and a quiet, understated elegance. This is the Viking version of modern luxury.

In the following pages, we are thrilled to introduce an exciting array of new itineraries setting sail in 2026 and 2027. These journeys will take you to some of the most enchanting destinations across Western Europe, the Mediterranean, Scandinavia, Northern Europe, the British Isles and Ireland. Not only do these itineraries offer new opportunities for exploration, they also offer access to ocean ports never before visited by Viking, including Limerick, Ireland; Bilbao, Spain; Haugesund, Norway; Londonderry, Northern Ireland; Århus, Denmark and Bordeaux, France.

We recently announced the launch of the world's first hydrogen-powered cruise ship, capable of operating with zero emissions. The *Viking Libra* is scheduled for delivery in late 2026, and the *Viking Astrea* is set to join our fleet in 2027. Both ships will be sailing a selection of these new itineraries. This new technology will allow us to access even the most environmentally sensitive areas and reinforces our commitment to sustainable travel.

As you plan your future travels, we invite you to sail the oceans of the world on one of our all-veranda ocean ships. Our small ships let you experience local culture to its fullest. We can easily navigate into intimate ports, allowing longer days in port and fewer days at sea. These are true destination-focused voyages.

In the following pages, we hope you will find inspiration among our newest 2026 and 2027 ocean itineraries.

Warm regards,

**Michelle Black**  
Managing Director Australia & New Zealand
